EUROPEAN SCHOOL-LEAVING CERTIFICATES—HIGH SCHOOL EXAMINATION, 1931.

INSTRUCTIONS FOR THE SUBMISSION OF HEADS OF SCHOOLS IN REGARD TO THE SUBMISSION OF CERTIFICATES FOR COMPLETION.

Heads of schools are requested to read very carefully the instructions relating to the submission for completion of European School Leaving Certificates due in the office of the Secretary to the Commissioner for Government Examinations, Old College, Cathedral P.O., Nanganallakam, Madras, by the 3rd January 1932 and to see that every item is attended to carefully.

2. Although the 3rd January is the latest date fixed for the submission of certificates, it will be an advantage if the certificates can be sent in early as possible in December as this will facilitate the preliminary arrangements for tabulation. Heads of schools are accordingly requested to be good enough to send the certificates at an early date as practicable. The certificates should not be sent in envelopes; all the certificates of a school should be sent together.

3. The certificates should be sent preferably by registered post, packed in stout toughness or other suitable material; parcels in which paper is used for packing are frequently damaged in transit, and arrive in a mutilated state.

4. In cases where the certificate of a candidate for the High School Examination is not sent for completion by reason of the candidate having absented himself from that examination or having failed to fulfil the conditions regarding attendance, etc., a letter explaining the circumstances should be

submitted, the certificate number and name of pupil being furnished therein.

5. Errors of omission and commission with regard to the entries in the certificate should be carefully avoided; the omission of a necessary entry or the inclusion of an incorrect or incorrect one, inaccurate correspondence and the progress of tabulation work is retarded which causes delay in the issue of completed certificates.

6. The entries on each page should be thoroughly and carefully scrutinized with a view to supplying omissions or rectifying mistakes. Alterations should invariably be attended with the Headmaster's initials.

7. In cases where pupils have been exempted by the Inspector of European Schools from the age rules, or from showing school record, or have been granted consideration of break or excused shortage of attendance the number and date of the order of the Inspector of European Schools should be quoted in the appropriate place in the certificate, e.g., on page 2 of the certificate against date of birth, in the case of age exemption, so that the completion of the certificate may not be objected to.

8. Particular care should be taken to see that the standard-average is entered in all certificates sent for completion and that the entry made is correct in all cases. Certificates in which the entry relating to the standard-average is omitted or incorrectly made will be returned.

9. The certificates of candidates who appeared for the Middle School Examination should also be sent with the certificates intended for completion.

10. It is requested that the report in the standard form may be sent along with the certificates. A separate communication advising despatch of the certificates is not necessary.

There were thirteen calm hours during the month. The resultant corresponding to the above numbers is represented by a W.N.W. wind, blowing with a uniform daily velocity of 10.6 miles.

The commencement of the north-east monsoon rains in the south of the Presidency was somewhat delayed by the northward movement of two depressions which formed in the Bay of Bengal. The general wind direction in Madras was therefore more westerly than usual and temperature was above normal. Some heavy rain was caused by thunderstorms towards the end of the month, the total amount during the month being 32.69 inches, of which 5.49 fell on the 31st with a heavy fall of 2.25 inches in one hour. Thunderstorms were recorded on ten days, distant thunderstorms on four other days and lightning alone on seven other days.

The Standard Barometer and Thermometer are read at 4 a.m., 10 a.m., 4 p.m. and 8 p.m. and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The column of the barometer is twenty-two feet above the level of the sea, and the result of the readings is two feet from the ground. The wind, rain and general weather registered are for the current day—from midnight to midnight.

The total quantity of rain collected since 1st January is 45.61 inches, the average due for the same period being 37.65 inches.

(a) In sub-section (2), the second sentence shall be omitted.

(b) In sub-section (3), the following words shall be added at the end:—

"Provided that the total fee leviable on a motor vehicle or lorry for one or more licences issued under this section, shall not exceed Rs. 100 per annum; and provided that where a District Board has issued a licence and levied a fee therefor under this section in respect of any motor vehicle or lorry, no other District Board shall have power to levy a fee for any licence issued by it in respect of the same motor vehicle or lorry for the same period."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to abolish the power of local bodies to levy taxes under the guise of licence fees, on motor vehicles and lorries, and to place a maximum on the amount of fee levied for a licence. It is clear that in the District Municipalities Act, 1920, and the Local Boards Act, 1920, it was not the intention of the Legislature that the power to issue licences in regard to motor vehicles should be used for purposes of taxation. It has been laid down by the Madras High Court in connection with the Madras City Corporation, that licence fees must be regarded as compensation for the expenses incurred in the issue of licences and the general regulation of the objects licensed, and not as means of raising revenue, and that there must be some relation between these expenses and the amount of fees leviable. (Corporation of Madras v. Spencer & Co.) A similar view has been expressed by the Bangalore High Court, and endorsed by the Privy Council in the case of the Municipal Corporation of Ilanagron v. Peterdhring Bunker Co. Licence fees cannot be regarded as taxes. Within recent months, however, some local bodies throughout the Presidency have greatly increased the licence fees for motor buses and motor lorries and at the present time fees varying from Rs. 100 to Rs. 2,000 per annum on each vehicle are being levied.

In the preamble to the Madras Motor Vehicles Taxation Act, 1931, it is stated "and whereas it is expedient to abolish the levy of all taxes on motor vehicles by local bodies within the said Presidency, and whereas it is also expedient to provide for the levy of a provincial tax on motor vehicles in the said Presidency." Yet the license fees charged by many local bodies are equal to, and in a few cases greater than the provincial tax fixed by the Government. This is obviously an injustice and it has resulted in the fact that over 90 per cent of the buses and lorries have been taken off the road, or are about to be taken off. Motor transport, instead of being encouraged, is being taxed out of existence.

This Bill endeavours to remedy this injustice by placing a limit to the amount of license fee which a local body can levy on motor buses and lorries. It will be the duty of the Legislative Council to decide of the figure suggested in the Bill is a reasonable one having regard to all the circumstances.

BILL No. 28 OF 1931.

A Bill to amend the Madras Medical Registration Act, 1914.

WHEREAS it is expedient to amend the Madras Medical Registration Act, 1914; And whereas the previous sanction of the Governor-General has been obtained to the passing of this Act; It is hereby enacted as follows:—

1. This Act may be called the Madras Medical Registration (Amendment) Act, 1931.

2. It extends to the whole of the Presidency of Madras, except

3. The following proviso shall be added at the end of section 16 (2) of the Madras Medical Registration Act, 1914, (hereinafter referred to as the said Act) :—

"Provided that no medical practitioner shall be removed from the register on the ground of his adoption of a theory of Medicine and Surgery not in accordance with the accepted views for the time being; or of his association with a qualified practitioner of Indian Medicine such as Ayurveda, Unani and Siddha or with a qualified Homoeopath or an unregistered practitioner so long as that unregistered practitioner—

(a) is possessed of the qualifications mentioned in the Schedule, and

(b) is not a person whose name the Council has refused to register on account of any offence or intemperate conduct noted in the last paragraph of section 15."

4. The following shall be added as sub-section (3) to section 16 of the said Act :—

"The Council shall direct the removal of the name of any registered medical practitioner from the Medical Register, on application by the registered medical practitioner to the Council for the removal of the name."

STATEMENT OF OBJECTS AND REASONS.

Certain provisions of the Madras Medical Registration Act of 1914 are found anomalous having regard to the present policy of the Government towards the Indian systems of medicine.

2. In order to remove this anomaly and to promote the professional intercourse between the qualified practitioners of both the Indian and European systems of medicine, it is fit and necessary to make these amendments. This anomaly does not exist in the Acts obtaining in the provinces of the Punjab and the United Provinces. By the B.M. it is now sought to bring the Act in line with the present policy of Government regarding the indigenous systems of medicine, thereby conferring to the best interests of medical science as well as the suffering of humanity.

3. The Medical Registration Act of the United Provinces of the year 1937 contains provisions which allow not only registered allopathic practitioners but also the followers of the indigenous systems of medicine to freely associate with the registered medical practitioners. The wording of the above amendment follows closely the wording of section 20,

clause (2) of the United Provinces Act of 1917. Even in the Punjab Medical Registration Act of 1916, freedom of association with qualified allopathic practitioners though unregistered and indigenous practitioners has been allowed.

4. It is also necessary to allow registered private medical practitioners the liberty to withdraw their names from the register if they choose.

Insertion of
new section
30-A, 30-B
in Malaya Act
IV of 1935

8. After section 30 of the said Act, the following new sections shall be added:—

"30-A. Whoever having the actual charge of or control over a child or young person between the ages of four and eighteen allows that child or young person to reside in or frequent a brothel shall be punishable with imprisonment of either description for a term which may extend to two years or with fine which may extend to one thousand rupees or with both.

30-B. (1) Whoever having the actual charge of or control over a girl under the age of eighteen years causes or encourages the seduction or prostitution of that girl or causes or encourages any one other than her husband to have sexual intercourse with her shall be punishable with imprisonment of either description for a term which may extend to three years and shall also be liable to fine.

(2) For the purpose of this section a person shall be deemed to have caused or encouraged the seduction or prostitution of, or the unlawful sexual intercourse with, a girl who has been seduced or become a prostitute or with whom such sexual intercourse has been had if he has knowingly allowed the girl to consort with, or to enter or continue in the employment of any prostitute or person of known immoral character.

30-C. If it appears to a court on the complaint of any person that a girl under the age of eighteen is being treated with cruelty by her parent or guardian or any other person the court may direct the parent or guardian

or such other person to enter into a recognizance to exercise due care and supervision in respect of such girl.

30-D (1) Any Police officer, not below the rank of Sub-Inspector or a Police officer or a person authorized in this behalf in accordance with rules made by the Local Government hereunder may take to a place of safety any child or young person in respect of whom an offence punishable under this Act or under Chapter XVI of the Indian Penal Code, 1860, has been, or there is reason to believe has been committed.

(2) A child or young person so taken to a place of safety and also any child or young person who seeks refuge in a place of safety may there be detained until he can be brought before the court but such detention shall not in the absence of a special order of a court exceed a period of three days exclusive of the time necessary for the journey from the place of detention to the court and the court may make such order as is mentioned in the next following sub-section or may cause the child or young person to be dealt with as circumstances may admit and require until the charge made against any person in respect of any offence as aforesaid with regard to the child or young person has been determined by the conviction, discharge or acquittal of such person.

(3) Where it appears to the court that an offence as aforesaid has been committed in respect of any child or young person who is brought before the court and that it is expedient in the interests of the child or young person that an order should be made under this sub-section, the court may make such order as circumstances may admit and require for the care and detention of the child or young person until a reasonable time has elapsed for a charge to be made against some person for having committed the offence and if a charge is made against any person within that time, until the charge has been determined by the conviction, discharge or acquittal of that person and in case of conviction for such further time not exceeding one month as the court which convicted may direct and any such order may be carried out notwithstanding that any person claims the custody of the child or young person."

STATEMENT OF OBJECTS AND REASONS.

The Madras Children Act, 1920, does not deal with child beggars though it has been modelled on the English Children

Act. There is a considerable body of opinion in favour of the view that the child beggars should also be dealt with under the Children Act. This view is also supported by the report of the Bigger Problem Committee appointed by the Corporation of Madras in 1920 and adopted by that body. Provision has also been made to bring child beggars under the age of 15 years under the operation of the Madras Children Act.

In the evidence recorded by the Select Committee on the Bill for the Suppression of Brothels and Immoral Traffic, it is observed that the provisions of the Madras Children Act are inadequate to deal with children under eighteen years of age living in a brothel and also to rescue children who are the victims of other people's misconduct. The provisions of the Act are also inadequate to meet the cases of minors being procured for the purpose of prostitution. Provisions have been added to remedy these defects.

A. B. SHETTY.

BILL No. 30 OF 1931.

A Bill to amend the Madras District Municipalities Act, 1920, and the Madras Local Boards Act, 1920.

WHEREAS it is expedient to amend the Madras District Municipalities Act, 1920, and the Madras Local Boards Act, 1920; It is hereby enacted as follows:—

1. This Act shall be called the Madras District Municipalities and Local Boards (Amendment) Act, 1931.

2. In section 174-A of the Madras District Municipalities Act, 1920, in sub-section (1) (d) after the words "any motor lorry" the words "for hire" shall be inserted.

3. In section 166 of the Madras Local Boards Act, 1920, in sub-section (1) (b) after the words "any motor lorry" the words "for hire" shall be inserted.

4. In Schedule VII of the District Municipalities Act, 1920, in the item relating to section 174-A, sub-section (1), and in Schedule VIII of the Madras Local Boards Act, 1920, in the item relating to section 166, sub-section (1), after the words "motor lorry" the words "for hire" shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

Considerable hardship is being caused by the fact that motor lorries not used for hire are at present subject to the levy of license fees by local boards and district municipalities in addition to the provincial tax imposed under the Madras Motor Vehicles Taxation Act, 1931.

Lorries used by private owners mainly for agricultural purposes and commercial lorries which are a necessity for the efficient operation of trade and industry are being rapidly withdrawn from circulation in favour of bullock carts owing to this double taxation.

The object of this Bill therefore is to exempt motor lorries not used for hire from the provisions of section 174-A of the Madras District Municipalities Act, 1920, and section 368 of the Madras Local Boards Act, 1920.
